

# Naktuinbouw Authorized Laboratories

# Naktuinbouw Authorized Laboratories (NAL)

Founded in 1994, to facilitate international seed trade for the horticultural seed industry.

A system for authorization of laboratories from seed companies that sample seeds and part of plants, and are conducting tests on:

## Seeds, e.g.:

- Germination
- Usable Plant Tests
- Physical purity / other seeds
- Seed health
- Moisture, TSW

## Parts of plants, e.g.:

- Plant health

## Results are accepted by:

- [www.gspp.eu](http://www.gspp.eu)
- Other Naktuinbouw Authorized Laboratories
- Naktuinbouw
- Dutch PPO NVWA
- DAFF (Australia)

## Conditions

- QMS module
- Sampling module
- Testing module

## Training

- Seed analyst course
- Sampler courses (seeds and plants)
- Specific courses (ELISA, PCR, etc.)
- Validation

## Protocols

- State-of-the-art
- In-company protocols: validated, peer-reviewed and approved
- Naktuinbouw standard protocol

## Proficiency Testing

- Triennial program (for main tests)
- Obligated participation for participants with test in their scope
- In case of a major deviation: root cause analysis and corrective action
- [www.naktuinbouw.com/inspections/erkenningen/nal](http://www.naktuinbouw.com/inspections/erkenningen/nal)

## Interested / Information ?

See: [www.naktuinbouw.eu](http://www.naktuinbouw.eu)

- Authorized companies + their scope
- NAL Conditions

## External Audits

- Conducted annually
- Qualified and experienced auditors and technical experts
- Clear report and nonconformity sheet

## Result

- Reliable quality data, essential for company and customer
